Instructions for Correction of 2021 Personal Property Taxable Values Used for the 2021 Personal Property Tax Reimbursement Calculations (Form 5651)

Purpose of This Form

The Local Community Stabilization Authority Act (LCSA Act), 2014 Public Act 86, as amended, requires **municipalities** to notify the county equalization director, by February 28, 2022, of any errors identified in the 2021 commercial personal property or industrial personal property taxable values reported in calendar year 2021 by the county equalization director and to provide substantiating documentation to support the corrected values.

The LCSA Act requires the **county equalization director** to review all reported inaccurate commercial personal property and industrial personal property taxable values and determine all municipalities affected by the inaccurate commercial personal property and industrial personal property taxable values. Additionally, if the county equalization director identifies an inaccurate commercial personal property or industrial personal property taxable value, the county equalization director shall determine all municipalities affected by the inaccurate taxable value. The county equalization director is required to notify the Michigan Department of Treasury by March 31, 2022, of all corrections to the 2021 commercial personal property and industrial personal property taxable values and to provide substantiating documentation to support the corrected values.

Upon the Michigan Department of Treasury's review of the substantiating documentation and verification of the error(s), the Michigan Department of Treasury shall calculate the amount of the underpayment or overpayment for the 2021 personal property tax reimbursement in accordance with section 17(5) of the LCSA Act, MCL 123.1357(5). The amount of the underpayment or overpayment to the municipality for calendar year 2021 shall be added to the May 2022 personal property tax reimbursement. A net overpayment exceeding \$10,000 will be billed to the municipality by the Local Community Stabilization Authority. The municipality will repay the amount of the overpayment exceeding \$10,000 in three equal annual amounts (unless repaid sooner).

General Instructions

This form was developed to assist municipalities in reporting inaccurate 2021 commercial personal property and industrial personal property taxable values to the Michigan Department of Treasury. In addition to the form, the LCSA Act requires the municipality to provide documentation to substantiate the error in reporting of the taxable values in the calculation of the 2021 personal property exemption loss. If the taxable value error is related to a specific parcel, the municipality should include the parcel number and school district code with the substantiating documentation.

For each inaccurate taxable value identified by the municipality, the municipality must enter all the taxable values, broken down by classification for the taxable value year being corrected. The current taxable values and the corrected taxable values must be entered by the municipality on the appropriate lines under the appropriate property classification headings. The current taxable values entered by the municipality must be obtained from the applicable taxable value report on the Michigan Department of Treasury's Web site at **www.michigan.gov/pptreimbursement**. The corrected taxable values entered by the municipality must be supported by attaching substantiating documentation to this form.

Substantiating documentation accepted by the Michigan Department of Treasury includes, but is not limited to, reports generated using property tax software (such as the Miscellaneous Totals Report, L-4046, and Tax Bill change reports); Board of Review minutes; Board of Review Affidavits; State Tax Commission Orders; and Michigan Tax Tribunal Judgments. For each inaccurate 2021 personal property taxable value identified by the municipality, the date on all substantiating documentation must support that the corrected personal property taxable value entered in Part 2 of the form **was the taxable value on May 10, 2021**.
